Superintendent Campbell's local water supply p an is being brought to the attention of all the local improvement clubs, by the Walane, Khimuki and Palolo Improvement ciuo, as a result of the recent meeting of the club, simply to provide power to pump artesian water to reservoirs at Kaimuki,

In accordance with the action of the club, the following letter has been

"Gentlemen: For sometime past the Waialae, Kaimuki & Palolo Improveparticularly aggressive just now, as the legislature to convene next month. will be asked for relief. "The administration is we'l aware

of the urgent needs of this district but is powerless until the Legislature makes the necessary appropriations, In fact, the administration admits grave deficiencies throughout Honolulu's entire water system, and is now working on a plan that will not only provide properly for Kalmuki but creased so as to take care of a city with entirely, for only artesian water | age was done will flow in all districts of the city, and no disease could be carried by the water mains, the water being always pure. The much talked of Nuuanu dam will lose none of its value, for all the water conserved there will be used to create electrical power to run additional pumps throughout the citythis in itself a great saving in expense We are told by Mr. Campbell that his dan will be embodied in the goverfor's message to the Legislature. This shows that it is not something in THE GOVERNOR HAS NOT YET theory but that it is practical and

"As the tampbel plan seems to be one of "the greatest good to the greatest number," we feel that it should be called to support the scheme, as it is an improvement pure and simple and well within the scope for action.
